

International Literacy Day 2026

The NSS Unit of AVIT ISR cell organized an “International Literacy Day 2026 – Literacy Pledge Taking Program” on 08th September 2026, 2.30pm at VMC campus. The programme was conducted to commemorate International Literacy Day and to create awareness about the importance of literacy, education, lifelong learning, and equal educational opportunities. During the programme, the students and NSS volunteers were briefed about the significance of literacy in empowering individuals, improving employment opportunities, promoting social development, and building a responsible and progressive society. The importance of extending educational support to people who are unable to read and write was also highlighted. The Literacy Pledge was administered to the NSS volunteers and participating students. All participants enthusiastically took the pledge and committed themselves to promoting literacy, encouraging children and adults to pursue education, supporting people with limited literacy skills, and participating in community-based literacy activities. The programme also motivated NSS volunteers to take forward initiatives such as “Each One, Teach One” and other literacy-awareness activities in the surrounding community. The event successfully strengthened the sense of social responsibility among students and encouraged them to contribute towards creating a literate and empowered society. The programme concluded with a commitment from the NSS volunteers and students to actively support literacy and educational awareness initiatives in the community.
