Report on

The Institution’s Innovation Council of AVIT organized an A motivational talk titled “My Story” on 8th Oct 2025 in Digital room TBC - 105. Mrs. Sathya Kumaran, Partner at Kaliedoscope, delivered a talk with the objective of inspiring students to redefine success and embrace personal growth through innovation and entrepreneurship.

Mrs. Sathya Kumaran began the session by posing a fundamental question: “What is Success?” She encouraged participants to reflect on the type of graph that comes to mind when thinking of successful people. Addressing a common misconception, she explained that success is often portrayed as a smooth upward curve, which is a myth. In reality, success is an ongoing journey, resembling an average survival graph marked by challenges, learning, and perseverance. She emphasized that success is not a destination but a continuous process of growth.

The speaker highlighted Kaliedoscope’s core philosophy, which focuses on customer-centric innovation, understanding user needs, setting clear targets, and consistently working toward achieving them. She shared insights on how their organization identifies customer requirements and translates them into impactful outcomes.

A key segment of the session focused on the four zones of personal development: the Comfort Zone, Fear Zone, Learning Zone, and Growth Zone. Mrs. Sathya Kumaran stressed that true success and growth can be achieved only by breaking out of the comfort and fear zones. She emphasized that without challenging oneself and stepping into the learning zone, individuals cannot reach the growth zone or realize their full potential.

The session concluded with an interactive segment, where students were encouraged to share their personal experiences. One student shared her aspiration to become a content creator, explaining how she overcame fear and self-doubt to pursue her passion and move closer to her goal.

The talk was highly engaging and motivating, leaving students inspired to redefine success, embrace challenges, and take confident steps toward their personal and professional aspirations.
