Report on “Tree Planting Program”

Date : 22nd May, 2026
Time : 10.00 am to 11.00 am
Venue : AVIT, Chennai

Invitation Poster:

The NEP Students Club of AVIT, Vinayaka Mission’s Research Foundation (Deemed to be University), organized “**Tree Planting Program**” on 22nd May,2026 from 10:00 AM to 11:00 AM at AVIT, Chennai Campus. The event was conducted with the active participation of 15 students from various departments along with faculty coordinators and student volunteers.

The event aimed to students is to create environmental awareness and encourage responsibility toward nature. It helps students understand the importance of trees in maintaining ecological balance and protecting the environment.

The main objective of the program was to create awareness among students about the importance of environmental protection, afforestation, and sustainable living. The initiative encouraged students to take responsibility for maintaining ecological balance and promoting a greener environment.

Tree Planting Activity Photos:

The program commenced with a brief introduction about the significance of tree plantation and the role of students in conserving nature. Students enthusiastically participated in planting saplings within the campus premises. Different varieties of plants were planted to enhance the greenery of the campus and contribute to a healthy ecosystem.

The event also highlighted the importance of reducing pollution, preventing global warming, and preserving biodiversity for future generations. Students from different departments worked together with great enthusiasm, teamwork, and dedication throughout the activity.

The Tree Planting Program concluded successfully with a pledge by the participants to protect and nurture the planted saplings regularly. The event served as a meaningful step toward environmental sustainability and social responsibility.

Tree Planting Activity Photos:

Outcome of the Program:

- Increased environmental awareness among students.
- Encouraged social responsibility and teamwork.
- Improved campus greenery and ecological balance.
- Motivated students to participate in eco-friendly activities.
