### AVIT – ENVIRONMENTAL STUDENTS CLUB

#### REPORT ON WORLD SOILDAY 2025

The EVS Club of Aarupadai Veedu Institute of Technology (AVIT) celebrated World Soil Day on 5<sup>th</sup> December 2025 by organizing an eco-friendly activity titled “Seed Bomb Blitz.” The event was conducted as part of the World Soil Day celebrations with the aim of creating awareness about the importance of soil health, sustainable living, and the role of healthy soils in supporting greener cities.

A total of 40 students actively participated in the event with great enthusiasm. The participants were educated about the concept and benefits of seed bombing as an effective and natural method to increase green cover. Under proper guidance, students prepared seed balls using soil and native plant seeds. Through collaborative effort, the students successfully prepared 350 seed balls, demonstrating teamwork and environmental responsibility.

The event provided hands-on learning and helped students understand the importance of soil conservation and eco-friendly practices. As an outcome of the event, students gained practical knowledge of sustainable environmental techniques, actively contributed to a green initiative, and developed a sense of responsibility toward nature. The preparation of 350 seed balls will support future plantation activities and promote environmental sustainability, making the World Soil Day 2025 celebration meaningful and impactful.
